

Holland ISD
Community Engagement Survey Results
June 10, 2015

Under House Bill 5 (passed last year by the 83rd Texas Legislature), all districts are required to evaluate the district's performance and the performance of each campus in regard to community and student engagement. Districts must assign one of four performance ratings – Exemplary, Recognized, Acceptable or Unacceptable – to the district and each campus for overall performance, including the following categories:

- Fine arts;
- Wellness and physical education;
- Community and parental involvement;
- 21st Century Workforce Development program;
- Second language acquisition program;
- Digital learning environment;
- Dropout prevention strategies; and
- Educational programs for gifted and talented students.

House Bill 5 requires a local committee or committees to determine the criteria that the district uses to evaluate and assign performance ratings and to evaluate the district's compliance with statutory reporting and policy requirements. Holland ISD used the services of TASB Engage to create and gather the data needed to assign ratings to each of the categories. The District Site-Based Committee analyzed the results to determine the ratings for 2014-2015. The committee assigned a rating of Exemplary to each campus and the district as an Overall Rating. The specific data element ratings are as follows for the campuses and the district:

Exemplary: Community and Parental Involvement; Wellness and Physical Education; and Dropout Prevention.

Recognized: Fine Arts, Second Language Acquisition, and Digital Learning.

Acceptable: Educational Program For Gifted and Talented and 21st Century Workforce Development.
